

# Wiki

## **Anja Ebersbach,Markus Glaser,Richard Heigl,Alexander Warta**

**Wikipedia @ 20** Joseph Reagle,Jackie Koerner,2020-10-13 Wikipedia's first twenty years: how what began as an experiment in collaboration became the world's most popular reference work. We have been looking things up in Wikipedia for twenty years. What began almost by accident--a wiki attached to an nascent online encyclopedia--has become the world's most popular reference work. Regarded at first as the scholarly equivalent of a Big Mac, Wikipedia is now known for its reliable sourcing and as a bastion of (mostly) reasoned interaction. How has Wikipedia, built on a model of radical collaboration, remained true to its original mission of free access to the sum of all human knowledge when other tech phenomena have devolved into advertising platforms? In this book, scholars, activists, and volunteers reflect on Wikipedia's first twenty years, revealing connections across disciplines and borders, languages and data, the professional and personal.

**The Wiki Way** Bo Leuf,Ward Cunningham,2001 Accompanying CD-ROM contains the public-license Wiki sources discussed in the book plus the means to run them as stand-alone or using the industry-strength Apache Web server, as well as complete Perl and Apache server packages for both Linux and Windows. Contents: two perl programs, ActivePerl and IndigoPerl; three different stages of customized basic QuickiWikis; additional Wiki packages, PythonWiki, Ruby, and RWiki; Apache HTTP server version 1.3.

Wikis For Dummies Dan Woods,Peter Thoeny,2011-02-08 Corporations have finally realized the value of collaboration tools for knowledge sharing and Wiki is the open source technology for creating collaborative Web sites, as either a public site on the Internet or on a private intranet site Shows readers how to set up Wikis in a corporate setting or on a personal site so that users can retrieve information, post information, and edit the content Covers everything from choosing a Wiki engine to administration and maintenance Discusses the advantages of using Wiki in a corporate environment, which companies such as Microsoft, Boeing, Disney, and Motorola have already discovered

Wiki Anja Ebersbach,Markus Glaser,Richard Heigl,Alexander Warta,2008-06-13 Wikis provide a basis for many applications in the area of collaborative work and have become a serious alternative to expensive content management systems. In this book, the authors explore wiki philosophy and functions, and explain basic controls and components. The book includes a step-by-step guide to the installation and configuration of the wiki-clones MediaWiki, TWiki and Confluence, along with a realistic tutorial based on collaborative planning for a conference.

Revelation ,1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the Beast will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

*Wikipedia* ,2004 Opbygget efter princippet om Open Source. Alle kan skrive nye opslagsord og forklaringer ind i leksikonnet, der således hele tiden er under udvikling. Findes på mange sprog, bl.a.

*Professional Wikis* Mark S. Choate,2008 The success of Wikipedia has proven just how effective wikis can be for collaborative editing on a large scale—larger than anyone originally thought possible. This book shows you how to install, use, manage, and extend a wiki using MediaWiki—the wiki engine used to power Wikipedia. As each chapter builds on previous ones, tasks involving wikis progress from simple to those of increasing complexity and evolve from theory to case study. You'll learn wiki terminology and how to create user accounts and new pages, use wiki links, and find your way around the wiki. Special focus is placed on how wikis are used in software and web development projects and how their capabilities ideally suit a specific environment and audience. You'll quickly come to discover why wikis are a valuable addition for any organization that wants to increase productivity using web-based collaboration tools. What you will learn from this book  
When to use wikis instead of a more formal content management system  
What to look for when evaluating wikis in order to avoid unexpected pitfalls  
How to install MediaWiki using Apache, PHP, MySQL®, and other alternatives  
How wikitext allows you to edit content from any web browser and create links to other wiki pages  
Ways to comment on pages, move them, track changes, and syndicate wiki pages with RSS  
Who this book is for  
This book is for programmers, developers, information architects, designers, and content authors who are looking to use wikis to improve team productivity. Knowledge of HTML, XML, CSS, PHP, MySQL, and PostgreSQL is necessary. Wrox Professional guides are planned and written by working programmers to meet the real-world needs of programmers, developers, and IT professionals. Focused and relevant, they address the issues technology professionals face every day. They provide examples, practical solutions, and expert education in new technologies, all designed to help programmers do a better job.

**Wikis** Jane Klobas,2006-06-30 Wikis as information sources, as a form of publishing, and as tools for collaboration, are discussed in this book. The applications of wikis in library and information services, education and business are explored, with examples. Provides an overview of wikis, in the context of the increasing use of 'social software' and the trend towards a more interactive World Wide Web. The different kinds of wikis are identified and described. The advantages and problems associated with using wikis in information work and collaboration are discussed. One of the problems is simply that of finding wikis that deal with a particular topic or activity, and this is addressed through a discussion of directories, search engines and other finding tools. Later chapters cover the options for creating wikis and the management of a wiki. The book concludes with lists of resources related to wikis. No other book currently available, addresses this highly topical subject

Wikis are becoming important sources of information on the web yet they are little understood by librarians or the general public. Although wikis can be useful sources of information, Internet users need to know how wikis operate if they are to be able to evaluate the information in a wiki.

[A Discursive Perspective on Wikipedia](#) Susanne Kopf, 2022-10-05 This book provides a concise yet comprehensive guide to Wikipedia for researchers and students of linguistics, discourse and communication studies, redressing the gap in research on Wikipedia in these fields and encouraging scholars to explore Wikipedia further as a platform and a medium. Drawing on Herring's situational and medium factors, as well as related developments in (critical) discourse studies, the author studies the online encyclopaedia both theoretically and empirically, examining its origins, production and consumption before turning to a discussion of its societal significance and function(s). This book will be of interest to Wikipedia scholars from a range of disciplines, as well as those with a broader interest in linguistics, discourse studies and the digital humanities.

*Wikis for School Leaders* Stephanie Sandifer, 2013-10-18 Maximize the effectiveness of your professional activities through the use of wikis, and raise student achievement in turn! With strategies from online educator and technology expert Stephanie Sandifer, this book provides how-to advice on the way in which wikis result in a more efficient use of time, better communication, and increased adult learning for the members of your school community. Inside, you'll find out how to promote collaboration and productivity in your school, all while contributing to improved student learning. Topics include: The Dos and Don'ts of Wikis Social Networking Tools and Wikis Wikis for Leadership and Administration Wikis in the Classroom Wikis for Home-to-School Communications Implement each of these practical, innovative ideas and wikify your school today!

**Wikipedia U** Thomas Leitch, 2014-11-01 Explores the battle between the top-down authority traditionally ascribed to experts and scholars and the bottom-up authority exemplified by Wikipedia. Since its launch in 2001, Wikipedia has been a lightning rod for debates about knowledge and traditional authority. It has come under particular scrutiny from publishers of print encyclopedias and college professors, who are skeptical about whether a crowd-sourced encyclopedia—in which most entries are subject to potentially endless reviewing and editing by anonymous collaborators whose credentials cannot be established—can ever truly be accurate or authoritative. In *Wikipedia U*, Thomas Leitch argues that the assumptions these critics make about accuracy and authority are themselves open to debate. After all, academics are expected both to consult the latest research and to return to the earliest sources in their field, each of which has its own authority. And when teachers encourage students to master information so that they can question it independently, their ultimate goal is to create a new generation of thinkers and makers whose authority will ultimately supplant their own. *Wikipedia U* offers vital new lessons about the nature of authority and the opportunities and challenges of Web 2.0. Leitch regards Wikipedia as an ideal

instrument for probing the central assumptions behind liberal education, making it more than merely, as one of its severest critics has charged, “the encyclopedia game, played online.”

**Wikis For Dummies** Dan Woods, Peter Thoeny, 2007-07-23 Corporations have finally realized the value of collaboration tools for knowledge sharing and Wiki is the open source technology for creating collaborative Web sites, as either a public site on the Internet or on a private intranet site Shows readers how to set up Wikis in a corporate setting or on a personal site so that users can retrieve information, post information, and edit the content Covers everything from choosing a Wiki engine to administration and maintenance Discusses the advantages of using Wiki in a corporate environment, which companies such as Microsoft, Boeing, Disney, and Motorola have already discovered

**Using Wikis for Online Collaboration** James A. West, Margaret L. West, 2008-12-23 How can online instructors and course designers' instruction harness the popular Web 2.0 tool, the wiki, for successful collaboration and learning outcomes? This book focuses on using wikis in the active learning processes that are the hallmark of collaborative learning and constructivism. It provides both the pedagogical background and practical guidelines, tools, and processes for accomplishing these goals with special emphasis on wikis and other collaborative design tools. This book supports the effective design and delivery of online courses through the integration of collaborative writing and design activities.

**Wikipedia: Company and Its Founders** Jennifer Joline Anderson, 2011-01-01 This title examines the remarkable lives of Jimmy Wales and Larry Sanger and their work building the groundbreaking company Wikipedia. Readers will learn about Wales and Sanger's backgrounds and education, as well as their early careers. Also covered is a look at how Wikipedia operates and issues the company faces, such as establishing reliability, developing international sites, and dealing with abusive users. Color photos, detailed maps, and informative sidebars accompany easy-to-read, compelling text. Features include a timeline, facts, additional resources, web sites, a glossary, a bibliography, and an index. Technology Pioneers is a series in Essential Library, an imprint of ABDO Publishing Company.

**Two Zebras Human Anatomy in the Age of Wikipedia** Ze'ev Silverman, 2019-08-01 Seriously. Look in any large commercial bookstore—you'll be shocked by the sheer number of books written on the subject. Especially bookstores associated with a university, and even more so, universities with a medical school. You'll find Anatomy textbooks, many of them hefty tomes and others, slimmer, distilled, even pocket volumes. Also Anatomy atlases, some of these of the classic, masterfully hand-drawn kind and others, the increasingly popular slick photograph and illustration variety; and Anatomy dissection guides; and an Anatomy coloring book or two. Elsewhere, there are likely Anatomy-themed novels, and more. So what, other than hubris or a tragically delayed middle-age crisis would drive me to now add yet another Anatomy book to this hopelessly cluttered pile? The only answer I have to this obvious but no-less-worthy-for-being-so question is “None of those others are like mine.” For one thing, there is the small matter of my three decades spent studying, organizing,

drawing, explaining, encouraging, haranguing med students on three continents on all matters anatomical.

*Inside Wikipedia* Paul A. Thomas, 2022-09-15 Wikipedia is one of the most visited websites on the Internet, regularly bringing in millions of readers a day. But how exactly does a huge site like this work? What are its strengths? What are its weaknesses? Who edits the site? And perhaps most importantly how can you, the reader, help make the site better? In this book, Paul A. Thomas—a seasoned Wikipedia contributor who has accrued almost 60,000 edits since he started editing in 2007—breaks down the history of the free encyclopedia and explains the process of becoming an editor. Chapters include: The History of Wikipedia The Wiki-Ethos: What to Know Before You Edit Getting Started: Making Your First Edits Growing as an Editor: To Wikitext and Beyond Concrete Ways to Make Wikipedia a Better Resource Becoming a Critical Editor: Countering Bias A Short Glossary of Wiki-Slang After reading *Inside Wikipedia*, you will be ready to contribute to the largest, most comprehensive knowledge base the world has ever seen. What will you write about?

*Wikipedia: The Missing Manual* John Broughton, 2008-01-25 Want to be part of the largest group-writing project in human history? Learn how to contribute to Wikipedia, the user-generated online reference for the 21st century. Considered more popular than eBay, Microsoft.com, and Amazon.com, Wikipedia servers respond to approximately 30,000 requests per second, or about 2.5 billion per day. It's become the first point of reference for people the world over who need a fact fast. If you want to jump on board and add to the content, *Wikipedia: The Missing Manual* is your first-class ticket. Wikipedia has more than 9 million entries in 250 languages, over 2 million articles in the English language alone. Each one is written and edited by an ever-changing cast of volunteer editors. You can be one of them. With the tips in this book, you'll quickly learn how to get more out of -- and put more into -- this valuable online resource. *Wikipedia: The Missing Manual* gives you practical advice on creating articles and collaborating with fellow editors, improving existing articles, and working with the Wikipedia community to review new articles, mediate disputes, and maintain the site. Up to the challenge? This one-of-a-kind book includes: Basic editing techniques, including the right and wrong ways to edit Pinpoint advice about which types of articles do and do not belong on Wikipedia Ways to learn from other editors and communicate with them via the site's talk pages Tricks for using templates and timesaving automated editing tools Recommended procedures for fighting spam and vandalism Guidance on adding citations, links, and images to your articles Wikipedia depends on people just like you to help the site grow and maintain the highest quality. With *Wikipedia: The Missing Manual*, you get all the tools you need to be part of the crew.

*Ready Player One* Ernest Cline, 2011-08-16 #1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets *The Matrix*.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast

virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he's beset by rivals who'll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club "Delightful . . . the grown-up's Harry Potter."—HuffPost "An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart."—CNN "A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader."—Boston Globe "Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that's both hilarious and compassionate."—NPR "[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own."—iO9

Blogs, Wikis, Podcasts, and Other Powerful Web Tools for Classrooms Will Richardson, 2010-03-01 This book is loaded with insightful and honest advice about using Web 2.0 in education. Will Richardson has amassed decades of technology integration experience as a teacher, consultant, blogger, and educational leader. There are few like him and few books like this. —Curtis J. Bonk, Professor, Indiana University Author of *The World is Open: How Web Technology is Revolutionizing Education* Richardson's book was a touchstone for me when I started trying to figure out how to integrate participatory media into my teaching. I recommend this book to any teacher at any level who is interested in the learner-centric pedagogy that social media enables. —Howard Rheingold, Lecturer, Stanford University Author of *Smart Mobs: The Next Social Revolution* Explore the wide world of new, easy-to-use Web publishing and information gathering tools! Written for educators of all levels and disciplines, this third edition of the best-selling book *Blogs, Wikis, Podcasts, and Other Powerful Web Tools for Classrooms* provides real examples from K-12 teachers around the world who are at the forefront of bringing today's Web tools into their schools and to their students. This book is filled with practical advice on how teachers and students can use the Web to learn more, create more, and communicate better. This fully updated resource opens up a new technology toolbox for both novice and tech-savvy educators. Will Richardson provides clear explanations of specific teaching applications, with how-to steps for teaching with: Weblogs Wikis Really Simple Syndication (RSS) feeds and aggregators Social bookmarking Online photo galleries Facebook, MySpace, and Twitter Updated with materials on Web publishing and information literacy, this invaluable handbook helps students and teachers use Web tools within the classroom to enhance student learning and achievement.

**Cunningly Smart Phones** Jack M. Wedam, 2015-06-30 Corporations are spying on you more than government spies ever could. Just follow the money to find out how and why. Corporations can often predict what you will do next, detect subtle

changes in your mood, and essentially know what you're thinking about. Development of behavioral biometrics accelerated after 9/11. Some of the research and development was funded by the government to identify potential terrorists and protect the public. However, these technologies are now used by corporations to trample your privacy, practically read your mind, and manipulate you to enhance their profits. Verify the facts yourself. This book contains over two hundred references, including court documents, patents, official government documents, and many other sources. You can do many things to protect yourself. With your help, this book can do for Internet privacy what Ralph Nader's *Unsafe at Any Speed* did for automobile safety.

### Whispering the Strategies of Language: An Emotional Quest through **Wiki**

In a digitally-driven world where screens reign great and quick conversation drowns out the subtleties of language, the profound secrets and mental nuances concealed within phrases often get unheard. However, located within the pages of **Wiki** a captivating fictional treasure pulsating with organic thoughts, lies a fantastic quest waiting to be undertaken. Published by a skilled wordsmith, this enchanting opus invites readers on an introspective journey, softly unraveling the veiled truths and profound influence resonating within the material of each and every word. Within the psychological depths with this poignant review, we can embark upon a genuine exploration of the book's primary styles, dissect their interesting publishing type, and feel the powerful resonance it evokes deep within the recesses of readers' hearts.

### Wiki Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF

files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Wiki free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Wiki free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter

results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Wiki free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Wiki. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Wiki any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About Wiki Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make

sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Wiki is one of the best book in our library for free trial. We provide copy of Wiki in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Wiki. Where to download Wiki online for free? Are you looking for Wiki PDF? This is definitely going to save you time and cash in something you should think about.
